## **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Andrew Parfomak on February 29, 2008.

The application has been amended as follows:

### **IN THE CLAIMS:**

**Cancel Claims 5 and 6.**

### **Add the following new claims 9 and 10:**

---9.(new) A method of imparting a musk odor to a fragrance, comprising the step of:

providing the compound according to claim 1 to the fragrance.---

---10.(new) A method of imparting a musk odor to a fragrance composition, comprising the step of:

providing the compound according to claim 1 to the fragrance composition.---

2. The following is an examiner's statement of reasons for allowance:

Williams, WO 00/14051, discloses a compound of formula (I) for use as a perfume (see abstract). It is further taught by Williams that the compound is an ester that has a musky odor and that the compound contains a saturated 1,1-dimethylcyclohexane group (see page 2, line 9-page 3, line 11). However, patentee differs from applicant in that Williams does not teach or suggest in general a compound that contains an unsaturated 1,1-dimethylcyclohexene group, as required in the instant claims.

Accordingly, the claims viewed as a whole would not have been obvious to one of ordinary skill in the art at the time of the invention after viewing the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
